### Art Event Showcases Homeless Clients' Creativity

On September 29 from 6 to 9 p.m., St. Vincent de Paul Village presents "Taste of Our Village," an evening of art, food and music, showcasing the creative talents of homeless men, women and children living at St. Vincent de Paul Village in San Diego.

"All of our residents have something to share, and many of them have amazing artistic talent," says Cheryl Deblois, tenant services coordinator and organizer of the event. "This show gives them an opportunity to share those talents with their family, friends and community."

The Village Culinary Arts Program students will provide refreshments for the event, which will be held on the first floor of Father Joe's Villages' newest permanent housing building at 16th and Market in San Diego's East Village. The public is welcome.
